

JOB CORPS

WE TEACH THE SKILLS THAT MAKE GREAT EMPLOYEES.

But don't take our word for it – read what our employer partners have to say about Job Corps:

"Job Corps is an outstanding program that really maximizes the potential of our youth. I have had firsthand experience with the program and its candidates, and am very impressed with the operation and the quality of the initiatives put in place for these young women and men to succeed."

Joe Manchin, II
Secretary of State

"I could not have been more pleased with the job skills, attitudes and work ethics of the Job Corps students. They have proved to be dedicated, enthusiastic and capable workers on each task assigned to them. I truly feel this program is providing young people with good work experience, as well as skills necessary to become valuable members of our workforce. We could not be more pleased with the program."

Rick Carver

"Job Corps has been a very valuable resource to us. The students are not only prepared excellently to meet the job requirements, but are groomed to interview and handle themselves in a very professional manner. JOB CORPS

AT JOB CORPS, WE INVEST IN YOUR WORKFORCE. FROM THE TIME A STUDENT ENTERS THE PROGRAM THROUGH ONE YEAR AFTER THEY GRADUATE, WE COMMIT THOUSANDS OF HOURS OF TRAINING AND FOLLOW-UP SERVICES TO MAKE SURE YOU GET AND KEEP **A GREAT EMPLOYEE.**

WE TEACH THE SKILLS THAT MAKE GREAT EMPLOYEES

ACADEMICS AND TRAINING

Students who enter the Job Corps program without a High School Diploma or GED are placed on a track to earn one – the first step in becoming “workforce ready.”

Job Corps students choose a career path of interest and receive training through instruction from our qualified staff. Class curriculum provides hands-on projects so students receive real work experience while they learn.

WORK READINESS

Every young person needs to understand what it takes to be successful in the business world. We work with each Job Corps student to teach workplace accountability, job commitment and social skills.

Job Corps trains its students with current techniques and state-of-the-art equipment. Many companies take a proactive approach by working with Job Corps to create a customized course curriculum.

SUPPORT

Once a student graduates from the Job Corps program, specialized staff members make sure each individual has the necessary support, like proper housing, transportation and a variety of other social services. For one full year after they secure employment, we remain in contact with our graduates, helping them to make the transition from student to working professional.
